HARDING DISCUSSES PROBLEMS

By A. O. HATWARD
[INTERNATIONAL NEWS SERVICE]
MARION, O., July 27.—Farmers' problems of labor shortage, inadequate transportation facilities and high freight charges, and the uneconomic and wasteful distribution system were discussed today by Senator Harding, the republican presidential nominee, with Henry C. Wallace, of Des Moines, Ia.
Wallace is considered by mid-west farmers as one of the most practical experts of the country on agricultural conditions nationally as well as on local farming conditions in the great wheat and corn belt. The visit of Wallace and his discussion with Senator Harding on farm problems facing the country, argued speculation on the probability of his appointment as secretary of agriculture should Senator Harding be elected president.
It is anticipated that Senator Harding during some of the speeches he is to make to visiting delegates will make suggestions for encouraging agriculture and increasing production mentioned in his acceptance speech as a vital necessity for the welfare of the country.

LOOKS WELL FOR SICK MAN

LONDON, July 27.—Premier Lloyd George today gave ocular proof of the truth of reports that he is "a very sick man." The premier looked particularly fit when he left for Boulogne early this morning and was full of pep. At the railway station he sprang along the platform in a manner that would have done credit to an athlete. In view of persistent reports of his illness, the spectators were greatly surprised at the healthful exuberance of the Welsh statesman.

NEW SUSPECT SOUGHT IN TRUNK MURDER

[INTERNATIONAL NEWS SERVICE]
CHICAGO, July 27.—A new Chicago search for Eugene Leroy, suspect in the New York-Detroit trunk murder mystery, was under way by local detectives today, following the story told by a Pullman porter on the Michigan Central railroad, that the description of one of the passengers who arrived here on his car Monday morning tallied in detail with published descriptions of Leroy.
As the result of the porter's story the Chicago police sent telegrams to every railroad center west of Chicago, asking the police to search west-bound trains for this passenger, who told the porter he was on his way to the Pacific coast. The man was accompanied by a woman, whose description also was given by the porter and telegraphed throughout the west by the police.
"The man came through on the train from Montreal," said the porter, C. C. Finley. "In Canada he appeared to be afraid of the customs officials passing through the train, and seemed relieved when I told him who they were. 'I've got to watch these—police guys,' he said. 'They're after me all over the country.' He seemed to be very nervous and couldn't sleep all night."
The description given by Finley was of a man about 23 or 25 years old, about five feet ten inches in height, slender build and having a swarthy complexion, black, oily hair, brushed straight back, a high, bulging forehead, and a rat-like face. His eyes were dark brown, with small pupils set wide apart on his face. He wore a small mustache which appeared to have been raised recently.
The woman, according to Finley, was about five feet nine inches tall, and weighed about 115 pounds, and had light hair, grayish blue eyes, and a long, crooked nose.

TWO SUITS

Two suits were filed today in the Hammond Superior court by the Gillette Lumber and Wrecking Company, against Richard Malinof, et al. Both are for foreclosure of mechanic's liens. Rice & Peterson of East Chicago are attorneys for the plaintiffs.
